

Fartivia

EXT. PARK.

HUGO sits on a bench in a park. He looks depressed.

NARRATOR

Do you often find yourself alone,
depressed? Is it due to constant
farting? Then it's time to talk to
your doctor about Fartivia.

INT. DOCTOR OFFICE.

Hugo is sitting on the table talking to a doctor.

NARRATOR

Fartivia is a new medication that
has been proven to help chronic
farting.

INT. HOME.

Hugo is taking plate of beans or other foods.

HUGO

I used to worry about what I ate
due to how it might come back out.
But thanks to Fartivia, I don't
have to worry any more!

EXT. SOMEPLACE

Hugo is enjoying company and life.

NARRATOR

Fartivia is a tri-daily
suppository. Just take one when you
wake up, one at lunch time, and
once before bed. Common side
effects include headache, buttache,
jumpy legs, decreased sex drive,
vomiting, multi-color stools,
hallucinations, depression, sleep
farts, thoughts of suicide, and
skeleton magnetism.

INT. BEDROOM.

Hugo is sleeping soundly.

NARRATOR

Fartivia, the thrice a day
medication for chronic farts. Ask
your doctor today.
